

Dear Investor,

We would like to inform you that effective **18 May 2019 (“Effective Date”)**, **Capital Group will increase the maximum number of decimal digits for unit quantities of the funds listed below from two (2) to three (3) decimal places.**

On effective date, this change will affect neither the value nor the number of units you hold in the funds and a “0” digit will be added as third decimal of your units held.

This enhancement will be applied across all services, including investment fund orders, investor documents (contract notes, statements, etc...) and custody statements.

Operational features:

- For transactions with Trade Date up to and including Thursday, 16 May 2019, trade(s) will be confirmed with 2 decimals places for unit quantity.
- For subsequent transactions, trade(s) will be confirmed with 3 decimals places for unit quantity.
- From May 2019, your monthly statement will display 3 decimals places for unit quantity.
- ISIN codes related to share classes of the funds listed below will remain unchanged (see attached, the list of impacted share classes as of 10 April 2019).
- Any new share classes launched in the funds listed below between this communication and the “effective date” will be in scope for the conversion.
- Please also note that **the number of decimals for fund prices will remain unchanged at two (2) decimals places.**

With kind regards
